HSC and Certificate of Education

1. Introduction

Welcome to the Naxos Music Library Education Pages.

These pages can be used in the classroom by teachers to supplement their lessons, or independently by students to broaden their musical knowledge.

The pages are divided into **topics**, which have been carefully chosen to cover the range of music which students will likely encounter in music studies. Each topic page contains a list of relevant music to students studying for their School Certificate in Music.

- **Introduction** – a brief word on what the page will cover
- **Overview** – a more thorough overview of the topic.
- Two **lists of suggested listening**. The **main list** contains a short selection of pieces (or extracts from pieces) from the Naxos Music Library, carefully chosen to illustrate the points made in the overview. The **supplementary list** contains further listening most of which is also referred to in the overview. References to music in both lists appear in **blue font**, with asterisks if they are in the main list. Clicking on the titles will take you to the relevant track in the Naxos Music Library.
- Words which appear in **bold** can be found in the **glossary (3)**.
- **What to listen for** is a more detailed study of one or more pieces on the main list. While it is not an analysis, it helps students to pick out aspects of the music which have been covered in the overview, with references to the tracks given in minutes and seconds.
- The **related listening exercises** section points students and teachers to relevant questions and tasks on the 'listening questions' and 'further study' pages.

Author's note: In writing this resource I have been greatly assisted by a number of people, to whom I am extremely grateful. Particular thanks must go to Dr Philip Coad, who has tirelessly checked and amended the topic pages, to Genevieve Helsby at Naxos for continually extending my deadline, to my GCSE and A Level students at Reigate Grammar School who have happily acted as guinea-pigs throughout the process, and, most importantly, to my wife and children for their constant encouragement and for giving me the time and space to complete this work.

About the author: Simon Rushby has been teaching music to students in the age group 11–18 for many years, and is currently Director of Music at Reigate Grammar School in Surrey, UK, having been Director and Assistant Director of Music at three other schools. He has also been a Principal Examiner for A level Music. Simon is also busy as a conductor, performer and composer.

sonata form, the second a slow movement in **binary** or **ternary form**, and the third a fast movement which was often in **rondo form**. All these forms are covered on separate pages. On rare occasions sonatas might be in two movements, or four, with a dance movement such as a **minuet** inserted between the slow and final movements. **Haydn's Piano Sonata in D major** is an example of the normal three-movement form. Most of **Mozart's sonatas** were also in three movements.

As in the **symphony**, **Beethoven's** contribution to the sonata is immense, and he wrote 32 piano sonatas and various sonatas for violin and also **cello**. His late piano sonatas especially were seen as 'bridges' into the **Romantic** style. His '**Hammerklavier**' **Sonata, Op. 106** has four movements with a **bridge section** placed between the slow movement and the final, breathtaking **fugue**.

As the nineteenth century progressed, the trend was more towards shorter 'character' pieces, but a number of composers wrote sonatas. Those of **Schubert**, such as the **Piano Sonata in B flat** are important, and Chopin, Schumann, **Liszt**, Brahms and Rachmaninov all wrote sonatas for piano and for string instruments. **Mendelssohn's F minor Violin Sonata** is included here. **Liszt's Piano Sonata in B minor** is a towering example of a mature Romantic approach to the form.

國家

輸入想尋找的作曲家/作詞家出生國家名稱。但在某些情況下，我們會在音樂歷史裏，該作曲家最為人認識的資料為據，如他長時期生活及工作國家。例 Chevalier de Saint-Georges雖然在 Guadeloupe 出生，但他在法國生活了很長時間，故被歸類法國。而在前奧地利帝國出生的作曲家，他們的出生地會根據現今歐洲地圖來劃分。若作曲家在非出生地的另一國家工作，我們會將他歸類於後者。例 Hummel 雖在 Bratislava (今 Slovakia) 出生，卻在維也納 (Vienna) 渡過其黃金歲月，他會被歸類奧地利。
