建立Library

建立個人EndNote Library

The screenshot shows the Windows Start menu search interface. At the top, a search bar contains the text 'endnote'. Below the search bar, there are navigation buttons: '聊天' (Chat), '全部' (All), '應用程式' (Apps), '文件' (Files), '網頁' (Web), '設定' (Settings), '資料夾' (Folders), and '相片' (Photos). The search results are categorized into '最佳比對' (Best matches), '搜尋網路' (Search the web), '資料夾' (Folders), and '相片' (Photos). The '最佳比對' section highlights the 'EndNote' application. The '搜尋網路' section shows a search result for 'endnote - 查看網頁結果'. The '資料夾' section lists several folders: 'EndNote 21', 'EndNote', '005_中央研究院', and '_EndNote21_WIN005_中央研究院'. The '相片' section shows a folder named 'EndNote Library Sample'. On the right side, a detailed view of the 'EndNote' application is shown, including its icon, name, and a list of recent files: 'EN21 Sample' and 'Biological Reviews - 2018 - Reid - Emerging threa...'. The Windows taskbar at the bottom shows various icons, including the Start button, search bar, and several open applications.

Anomitri, C. and H. Lazaratou (2017). "Asperger syndrome and schizophrenia: Neurodevelopmental continuum or separated clinical entities?" *Psychiatriki* **28**(2): 175-182.

This article is an overview of the literature on Asperger's syndrome and schizophrenia and aim to discuss their similarities and differences. Eugen Bleuler who associated the terms "schizophrenia" and "autism" a century ago, viewed autism as a form of solitude of schizophrenic patients representing withdrawal from reality. Ever since, there has been confusion as to the boundaries between these conditions. Nowadays recent research, from a variety of perspectives-

Chatbots for future docs: exploring medical students' attitudes and knowledge towards artificial intelligence and medical chatbots

Julia-Astrid Moldt ^a, Teresa Festl-Wietek ^a, Amir Madany Mamlouk ^b, Kay Nieselt ^c, Wolfgang Fuhr ^d and Anne Herrmann-Werner ^d

^aUniversity of Tuebingen, Tuebingen, Germany; ^bInstitute for Neuro- and Bioinformatics, University of Luebeck, Luebeck, Germany; ^cInstitute for Bioinformatics and Medical Informatics, University of Tuebingen, Germany; ^dDepartment of Internal Medicine W Psychosomatic Medicine and Psychotherapy, University Hospital Tuebingen, Tuebingen, Germany

ABSTRACT

Artificial intelligence (AI) in medicine and digital assistance systems such as chatbots will play an increasingly important role in future doctor – patient communication. To benefit from the potential of this technical innovation and ensure optimal patient care, future physicians should be equipped with the appropriate skills. Accordingly, a suitable place for the management and adaptation of digital assistance systems must be found in the medical education curriculum. To determine the existing levels of knowledge of medical students about AI chatbots in particular in the healthcare setting, this study surveyed medical students of the University of Luebeck and the University Hospital of Tuebingen. Using standardized quantitative questionnaires and qualitative analysis of group discussions, the attitudes of medical students toward AI and chatbots in medicine were investigated. From this, relevant requirements for the future integration of AI into the medical curriculum could be identified. The aim was to establish a basic understanding of the opportunities, limitations, and risks, as well as potential areas of application of the technology. The participants (N = 12) were able to develop an understanding of how AI and chatbots will affect their future daily work. Although basic attitudes toward the use of AI were positive, the students also expressed concerns. There were high levels of agreement regarding the use of AI in administrative settings (83.3%) and research with health-related data (91.7%). However, participants expressed concerns that data protection may be insufficiently guaranteed (33.3%) and that they might be increasingly monitored at work in the future (58.3%). The evaluations indicated that future physicians want to engage more intensively with AI in medicine. In view of future developments, AI and data competencies should be taught in a structured way during the medical curriculum and integrated into curricular teaching.

ARTICLE HISTORY

Received 15 December 2022
Revised 6 February 2023

KEYWORDS

Medical students; artificial intelligence; applications in education; human-computer interface; teaching/learning strategies; chatbot

Introduction

The healthcare system is undergoing a digital transformation, and artificial intelligence (AI) will play a significant role in defining everyday medical practice [1]. The location- and time-independence of digital applications have created new opportunities for medicine and health communication that are also changing the doctor – patient relationship [2]. The growing importance of e-health applications, wearables and AI applications such as chatbots can empower patients to collect their own health data [3,4].

Furthermore, the digital networking of patients, hospitals, physicians and other healthcare services is enabling a shift from a physician-centric approach to more patient-centered treatment [5]. To exploit the potential of this technical innovation and ensure optimized care for patients, future doctors must be equipped with the appropriate skills [6]. Future physicians will not only need to be flexible in responding to different healthcare contexts but will also require

the competence to adequately deal with procedures and applications involving AI and the accompanying big data [7]. The growing complexity of medicine and increasing specialization of knowledge require the integration of AI as well as the interaction with digital assistance systems already in the curriculum of medical studies [8–10]. According to current literature, although AI competencies are essential for medical practice, they are not comprehensively taught in medical education [7,11,12].

Medical curriculum in Germany

A look at the national competence-based learning objectives catalog for medicine (NKLM) [13] shows that the teaching of competencies in the area of medical apps and artificial intelligence is still under-represented. The national competence-based learning objectives catalog for medicine is currently being further developed on the basis of the 'Master Plan

conservation challenges

Eliason, P. A. Gell, P. T.

Issue 3 Pages 849-873

Accession Number: 30467930 DOI: 10.1111/brv.12480

<https://www.ncbi.nlm.nih.gov/pubmed/30467930>

In the 12 years since Dudgeon et al. (2006) reviewed major pressures on freshwater ecosystems, the biodiversity crisis in the world's lakes, reservoirs, rivers, streams and wetlands has deepened. While lakes, reservoirs and rivers cover only 2.3% of the Earth's surface, these ecosystems host at least 9.5% of

1. 文獻類型[Reference Type]要選擇正確。
2. 一位作者一行，每位作者皆獨立一行。
3. 當以英文輸入時，作者姓氏在前要加逗點，如：
Wang, Da Min；姓氏在後不用加逗點。同篇書目資料請統一格式。
4. 單位英文後方請加上「,」符號，如：
「Ministry of Health and Welfare,」

管理書目資料 – Groups

使用者可以透過 EndNote Library 中的 Groups 功能，**分類管理**個人 EndNote Library 中的書目資料。

Groups 的三種型態

▼ MY GROUPS	
 3D Printing	3
 Deep Learning	3
▼ Coronavirus	
 Covid-19	14
 SARS	12
▼ Year	
 2020	2
 2021	18
 About 2020~2021	20

Group (一般群組):
使用者自訂分類。

Smart Group (智慧群組):
使用者訂下篩選條件，符合的文獻資料自動進入該群組。

From Groups (集合群組):
利用現用群組進行交集、聯集或是排除而產生的群組分類。

引文與參考書目

Introduction

Citation-引文(註)

According to traditional Chinese medicine, the pericardial meridian is associated with the pain or fullness in the chest, palpitations, depression, restlessness, manic or depressive disorders, nausea or vomiting, hiccup, gastric pain, and distension in the upper abdomen (Bai and Baron, 2001). Since the parasympathetic modulation of both heart and gut is largely mediated by the vagus nerve, and since vagal stimulation of the gut can result in increased peristalsis while the vagal stimulation of the heart can result in decreased heart rate (Guyton and Hall, 1996), it is speculated that to some extent the pericardium meridian might be associated with the autonomic nervous modulation of the subject.

Acupuncture or acupressure at the Neiguan (P6) point, the most frequently used acupoint in the pericardium meridian, has been shown to lessen nausea and vomiting (Dundee *et al.*, 1987, 1988, 1989a and b; Ho *et al.*, 1989; De Aloysio and Penacchioni 1992; Belluomini *et al.*, 1994; Fan *et al.*, 1997; Harmon *et al.*, 2000). Because nausea and vomiting are also related to autonomic nervous activity (Morrow *et al.*, 1992; Morrow *et al.*, 1999), we speculated that the autonomic nervous activity might be changed with acupressure. P6 point was performed.

Heart rate variability analysis is a useful non-invasive method for the assessment of autonomic nervous modulation of heart rate. Some diseases are associated with decreased vagal modulation, and the restoration of vagal modulation is associated with the improvement

Chatbots in healthcare

Artificial intelligence (AI) in medicine and digital assistance systems such as chatbots will play an increasingly important role in future doctor – patient communication [1-3]. To benefit from the potential of this technical innovation and ensure optimal patient care, future physicians should be equipped with the appropriate skills. Accordingly, a suitable place for the management and adaptation of digital assistance systems must be found in the medical education curriculum.

Knowledge and practice and attitude toward cupping therapy among physicians in Sheikh Khalifa medical city

M. Al Zaabi, E. Al Zuraiqi, J. Al Dhanhani, M. Al Yammahi, M. Al Teniji and E. Darwish

J Family Med Prim Care 2023 Vol. 12 Issue 5 Pages 979-985

Accession Number: 37448936 PMID: PMC10336941 DOI: 10.4103/ifmpc.jfmpc_1825_22

Background: Complementary medicine (CM) is gaining popularity worldwide. According to the 2019 World Health Organization global report on traditional and complementary medicine (T&CM), 80% of member states acknowledged practicing T&CM. In the United Arab Emirates, T&CM practice prevalence in 2012 was 20-39%. These trends highlight physicians' need for knowledge on CM, such as cupping therapy. OBJECTIVE: This study aims to assess knowledge, practice, and attitude toward cupping therapy (CT) among physicians in Sheikh Khalifa medical city (SKMC). METHODOLOGY: A cross-sectional study was conducted from September 2020 to March 2021 among the physicians of

下午12:00 (0 分鐘前)

████████████████████ would like to share an EndNote library with you.

To accept this invitation and access Jamie 's library, you must have EndNote X7.2 or later installed, and we strongly recommend using EndNote 20 for the best experience.

Once you've accepted this invitation, you will be able to access all of the references, PDFs, file attachments, and notes in this shared library from your EndNote desktop application.

Accept: <https://account.endnote.com/enwservices/invitation/#/f252b9dd-2e25-4640-8443-10dfc69ff700>

Don't have EndNote for desktop? Get the free trial version now to access shared libraries and much more. http://endnote.com/buy?utm_source=en-desktop&utm_campaign=ls-email-ro&utm_content=buy-en

透過連結進入

Learn more about sharing your research with EndNote. http://endnote.com/?utm_source=en-desktop&utm_medium=edm&utm_campaign=ls-email-ro&utm_content=learn-more

If you do not wish to accept this invitation, please notify ██████████ directly.

Jamie has invited you to join a shared EndNote library.

[Learn More](#)

To accept this invitation, sign in using the same credentials you use when accessing EndNote online or syncing your desktop library, or create a new account. To access this shared library you must have EndNote X7.2 or later installed.

Sign In with your EndNote account

OR

完成邀請接受，即可使用

Invitation accepted. For access to Jamie's shared EndNote library, follow these instructions.

Share Library 使用方式

Update EndNote to version X7.2 or later

Now, go to the desktop to make sure you're on the latest version. To check:

Windows

1. Click on **Help > About**
2. Click on **Program Updates** or download the [installer](#).

You can now access the shared library from your desktop. Just go to File > Open Shared Library.

OS X

1. Click on the **EndNote** menu dropdown.
2. Click on **Check for Updates** or download the [installer](#).

You can now access the shared library from your desktop. Just go to File > Open Shared Library.

EndNote Web 如何同步 Library ?

The screenshot shows the EndNote 21 interface with the Sync Configuration dialog box open. The dialog box contains the following elements:

- Sync Configuration** (tab)
- Sync Now** button
- Refresh Status** button
- Text: "Synchronize your data with your endnote account to keep your library in sync and collaborate with colleagues"
- EndNote Login** dialog box (pop-up):
 - Text: "Using an EndNote account makes it easy to get the latest features and keep your library in sync. [Learn more](#)"
 - Section: "Create a new EndNote Account"
 - Text: "If you don't have an EndNote account or aren't sure, then click Sign Up."
 - Sign Up** button (annotated with "註冊")
 - Section: "EndNote Account Credentials"
 - E-mail input field
 - Password input field (annotated with "登入")
 - [Forgot Password](#) link
 - OK and Cancel buttons

The left sidebar of EndNote 21 shows the following structure:

- Sync Configuration

EndNote 個人化帳號註冊方式

The image displays three overlapping screenshots of the EndNote software interface, illustrating the registration process. The top-left window is the 'EndNote Login' screen, featuring a 'Sign Up' button highlighted with a purple box and a callout bubble containing the Chinese character '註冊' (Register). The top-right window is the 'EndNote Registration' screen, showing the 'EndNote' logo and the Clarivate Analytics branding. It prompts the user to enter their e-mail address and retype it, with a 'Submit' button highlighted. The bottom window is a detailed 'EndNote Registration' screen, also featuring the logo and branding. It includes a 'User Registration' section with fields for E-mail Address, First Name, Last Name, Password, and Retype Password. A callout bubble points to the Password field, containing the text: '密碼須同時包含： 八字元以上 英文、數字 特殊符號' (Password must simultaneously contain: 8 or more characters, English, numbers, special characters). Below the registration fields is a scrollable 'EndNote® End User License Agreement' with 'I Agree' and 'I Decline' buttons. The bottom right of this window has 'Sync' and '取消' (Cancel) buttons.

EndNote Web 登入及同步 Library

EndNote Login

Using an EndNote account makes it easy to get the latest features and keep your library in sync. [Learn more](#)

Keep This Record

林晏沛, 2022 #16

Keywords: 紓壓, 憂鬱, 大學生, 聊天機器人

Abstract: 2020年末, 在短短9天時間內發生6起大學生輕生案, 引起社會關注大學生的心理狀態。近年來, 大學生因為學業表現、人際關係、家庭關係、兩性關係和未來發展等因素感到壓力大, 當學生常處於有壓力的情況時, 負面情緒逐漸增加, 接著陷入憂鬱情緒中, 如果沒有適當的排解壓力或是覺察情緒, 最終可能使人走上自殺的道路。本研究為了降低大學生的壓力及憂鬱情緒, 使用Python Flask的架構建立Line聊天機器人, 經由問答的方式了解使用者的情緒狀態並紀錄, 並傳達自我覺察的概念, 幫助使用者進行自我覺察情緒, 再加上利用音樂紓壓, 推薦紓壓音樂及提供歌唱評分的功能, 鼓勵使用者進行歌唱活動以排解壓力, 降低學生的憂鬱情緒。

Resources for finding, creating, and modifying content

- A great way to start is to ask other EndNote users! EndNote has an active and helpful user community, with a specific forum for output styles and other content. You can connect to the community [here](#).
- You can search our content download pages, which are regularly updated with new and modified files.
 - [Output styles](#)
 - [Connection files](#)
 - [Import filters](#)
- If you cannot find the file you need, EndNote desktop includes editors for creating or modifying content files. Our downloadable guides have step-by-step instructions.

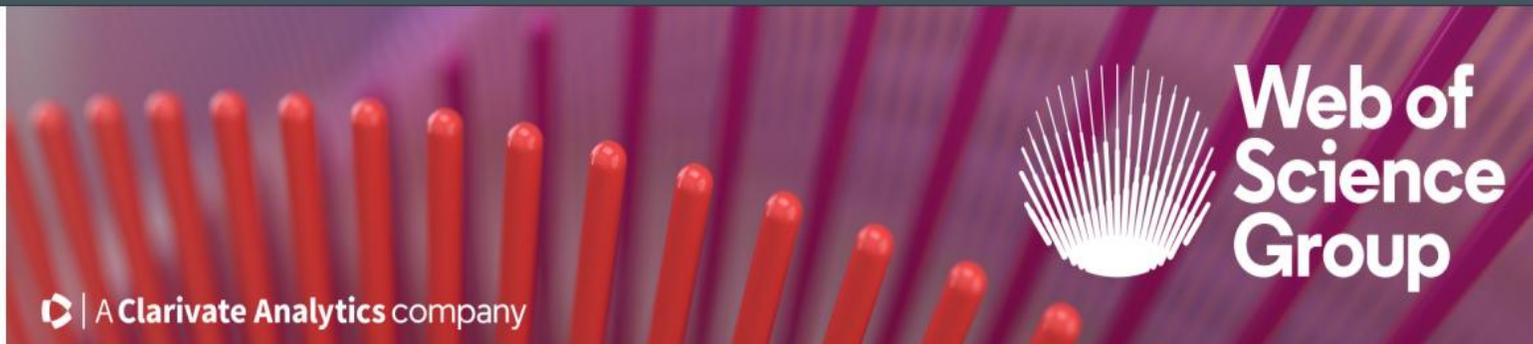

Journal editors, publishers, and librarians

We would be pleased to work with you to include or update output styles, connection files or import filters. Use the request forms to provide your information for our content team to review. We will contact you when we have reviewed your submission.

Output Styles are the "templates" which format bibliographic data in authors' manuscripts so it meets your specific requirements. Request new or updated output styles [here](#).

Connection Files allow authors to directly download bibliographic data from within EndNote. A Z39.50 connection to your site must be available to use Connection Files. Request new or updated connection files [here](#).

Import Filters allow authors to import already-downloaded tagged text files of bibliographic data into EndNote. Request new or updated import filters [here](#).

CWYW for Google Docs

EndNote for Google Docs 外掛

若您與一群研究者共同編輯 Word 文件，面對整合文章內容與 EndNote 語法感到複雜時，可試試在 Google Docs 利用 21 版起提供的 **EndNote Cite While You Write** 擴充功能，幫助您撰寫與編輯書目引文一氣呵成。

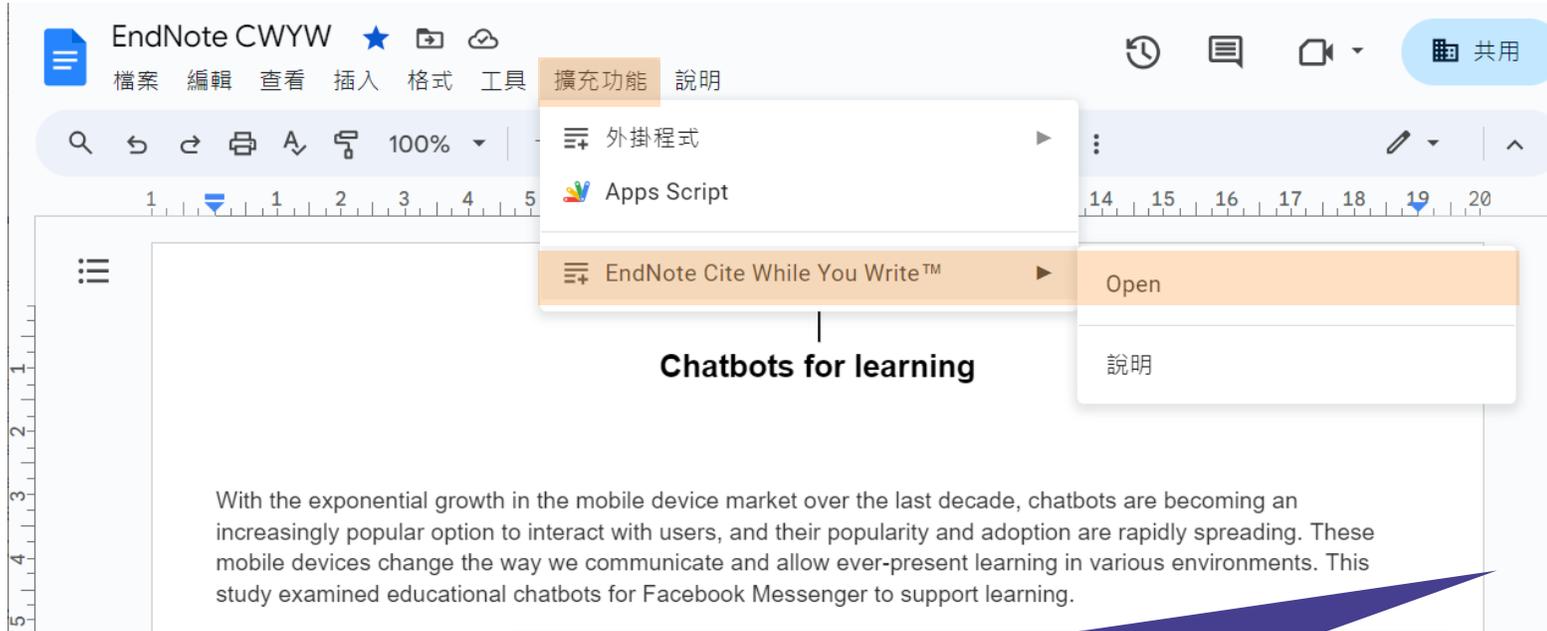

- ※ 需先啟用 EndNote 21 的 EndNote Web 帳號認證
- ※ 語法無法與 Word 文件共用

取得擴充功能

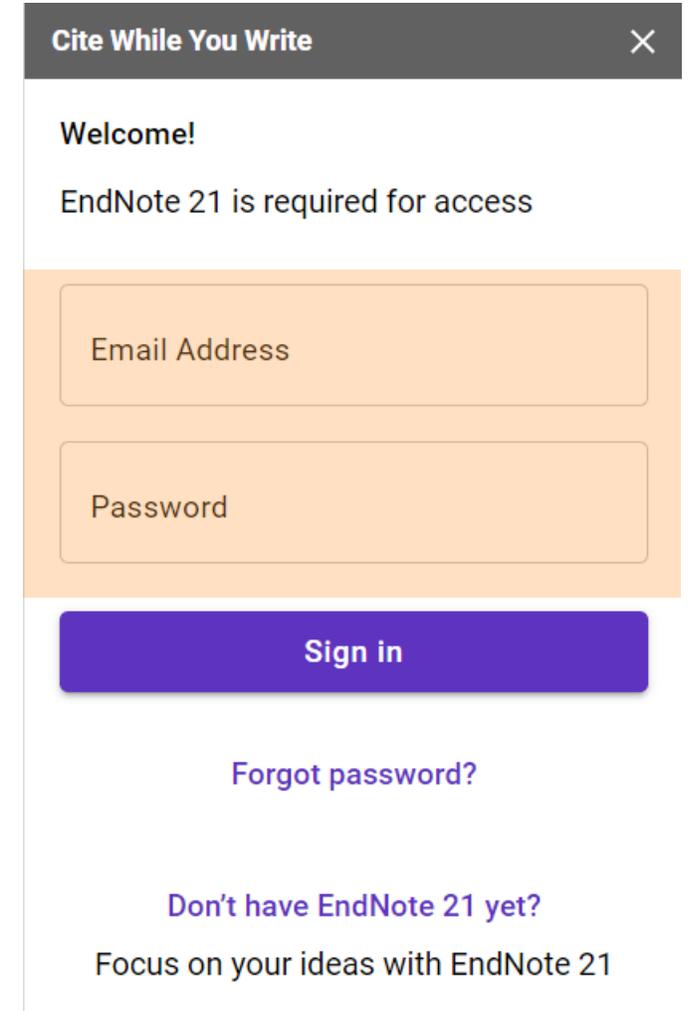

The image shows a Google Docs document titled "EndNote CWYW" with the "擴充功能" (Add-ons) menu open. The "取得外掛程式" (Get add-ons) option is highlighted, leading to a dropdown menu with "取得外掛程式" (Get add-ons), "管理外掛程式" (Manage add-ons), and "查看文件外掛程式" (View add-ons for this file). A blue callout box with white text reads: "在 Google Docs 文件中，至擴充功能搜索 EndNote Cite While You Write 並完成安裝" (In a Google Docs file, go to Add-ons, search for EndNote Cite While You Write, and complete the installation).

Below the Docs interface, the Google Workspace Marketplace search results for "EndNote Cite While You Write" are shown. The search results include a card for the add-on with a 4.2 star rating and 3821+ downloads. The add-on details page shows the "EndNote Cite While Y..." add-on by Clarivate, with an "安裝" (Install) button. The description states: "Insert in-text citations while simultaneously creating a bibliography with the Cite While You Write™ feature in Google Docs™." The developer is listed as Clarivate, and the last update date is July 20, 2023. The add-on is applicable to Google Docs and has a 4.2 star rating with 10 reviews and 3821+ downloads.

Fears of second coronavirus outbreak hit global shares

Chapter 1

Share prices had gained in recent weeks amid hopes that the economy would rebound as authorities loosened restrictions put in place to try to slow the spread of the virus.(Bagheri et al., 2021; Silva et al., 2020)

Last week's surprise report showing US employers had restarted hiring in May helped to push the tech-heavy Nasdaq index to new highs(Haibo et al., 2020; Sharma et al., 2020).

But the recovery remains tentative. On Thursday, the US Labor Department reported that another 1.5 million people had filed new unemployment claims last week. More than 30 million continue to collect the benefits, it said.

Relief in Sight? Chatbots, In-baskets, and the Overwhelmed Primary Care Clinician

J. Matulis and R. McCoy

J Gen Intern Med 2023

於參考文獻來源的 Group 右鍵選擇 Manuscript Matcher 可將 Group 中的參考文獻自動帶進 EndNote 選刊工具

Intelligence
he lay
ainties of
the integration of such technology into everyday life. As
primary care clinicians continue to struggle against ever-
increasing loads of asynchronous, electronic work, the potential
for AI to improve the quality and efficiency of this work looms
large. In this essay, we discuss the basic premise of open-
access AI chatbots such as CHATGPT, review prior applications
of AI in healthcare, and preview some possible AI chatbot-
assisted in-basket assistance including scenarios of
communicating test results with patients, providing patient
education, and clinical decision support in history taking

尋找期刊 >

如何運作

只要幾項主要資訊 - 標題、摘要、參考文獻 - 我們就可以協助您找到適合稿件的正確期刊。

我們正在申請專利的技術，會分析來自 Web of Science 的數百萬個資料點和引用文獻關聯，在這些出版品和您的引用文獻資料之間找出有意義的關係。

幾秒鐘後，您將可輕易得知 JCR® 資料、主要期刊資訊、出版者詳細資料，協助您比較您的選項及提交稿件。

只有 Clarivate Analytics 可以駕馭 Web of Science 的強大，支援您的稿件發表決定。

Haller, E. and T. Rebedea (2013). Designing a Chat-bot that Simulates an Historical Figure. 19th International Conference on Control Systems and Computer Science, Bucharest, ROMANIA, Ieee Computer Soc.

There are many applications that are incorporating a human appearance and intending to simulate human dialog, but in most of the cases the knowledge of the conversational bot is stored in a database created by a human experts. However, very few researches have investigated the idea of creating a chat-bot with an artificial character and personality starting from web pages or plain text about a certain person. This paper

%K 人工智能;利用人工智能實施犯罪;刑法界定;刑法應對;預防和懲治

%X 人工智能是模擬人類智能并應用于學習、存儲、計算、決策甚至行動的計算機網絡程序或機器。隨著科學技術的迅猛發展，人工智能已成為人類社會生產生活的一部分，利用人工智能實施犯罪的問題也日益突出，這給法律界提出了刑法應對研究的挑戰。該文根據犯罪主體的權利和義務範圍不同，探討了利用人工智能實施犯罪的5種類型，即利用人工智能技術實施傳統犯罪、故意“破壞”人工智能運行實施犯罪、利用人工智能的“錯誤運行”實施犯罪、利用人工智能產品實施犯罪、人工智能失去控制時成立的犯罪，進而提出完善應對利用人工智能實施犯罪的現代刑法制度的建議...

%K 人工智能教育應用;未來教育;人機協同智能;教育數字化;數據倫理

%X 人工智能彰顯賦能教育數字化轉型的巨大潛能，在教育管理和教學、學習者學習和評估、教師專業發展和教學、終身學習等應用場景中可以發揮重要作用。人工智能教育應用也有諸多風險，包括數據倫理問題與算法偏見、性別歧視、應用有效性證據缺乏、教師角色重塑危機、削弱學習者的主觀能動性等。合理規劃人工智能教育政策，規避潛在風險，對於促進人工智能賦能教育數字化轉型升級尤為重要。政策制定者應明晰人工智能賦能傳統教學結構性變革和智能化轉型升級的潛力，具備人工智能知識，審視人工智能教育應用的潛在技術倫理風險，掌握國內外人工智能教育政策制...

The screenshot displays the EndNote application interface. The 'File' menu is open, showing options such as 'New...', 'Open Library...', 'Open Shared Library...', 'Open Recent', 'Close', 'Close Library', 'Save', 'Save As...', 'Save a Copy...', 'Share...', 'Export...', 'Import', 'PubMed (NLM)', and 'Web of Science Core C...'. The 'Import' option is highlighted, and a sub-menu is visible with 'File...' and 'Folder...' options. An 'Import File' dialog box is overlaid on the screen, showing the following settings:

- Import File: 638236455397428904.txt
- Import Option: EndNote Import
- Duplicates: Import All
- Text Translation: No Translation

The 'Import' button is highlighted in the dialog box. In the background, a table with columns 'Author', 'Year', and 'Title' is partially visible, containing entries like '麗卿, 2023', '志清, 2023', '胤慶, 2021', '宜軒, 2023', and '美東, 2023'. On the right side of the screen, there are several text labels: '學院健康照護技術碩...', '學程(EMBA)', '士在職專班', '聊天機器人探究對話式服務體驗: 認知負荷...', and '管理評論'.

電網規劃與電網本質安全關係之研究

方仍存

武漢電力職業技術學院學報 2018 Issue 03

闡述了電力系統和電網安全的複雜性,提出了基于安全管理的三維系統結構理論,分析了從電網規劃源頭提升電網本質安全水平的必要性,在此基礎上提出了湖北電網規劃的要求和工作建議。
